

## CSS Lab Task

Watch the first 4 videos from the playlist and solve following task

[https://www.youtube.com/watch?v=wwBU9zMvQpU&list=PLyHQCzwOOCs8AtAqLarHbImRR1VnfWBEK&ab\\_channel=KamyabLife](https://www.youtube.com/watch?v=wwBU9zMvQpU&list=PLyHQCzwOOCs8AtAqLarHbImRR1VnfWBEK&ab_channel=KamyabLife)

You are required to develop website of 4 pages. All the pages should be linked together. The user of the website should be able to navigate between pages from its navigation bullets.

**Note: Only use HTML (Do not use the concepts we did not cover in the lectures)**

Give background color to this page, proper padding around the paragraph, shadow around the logo, and 20px of marge between the Message from the chairman and the paragraph.

Every item in the navigation list should have different background and text color.

Navigation Bullets

### Message From Chairman

**Lorem Ipsum** is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Give background image to this heading section and make your input field background color different from each other. You can use padding options on that image to make it look better.

**Lorem Ipsum** is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like).

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc.
